

## *Trumbull Animal Group*

Dear New Member:

Welcome to the Trumbull Animal Group! TAG is a non-profit volunteer organization, which was formed in 1999, and our aim is to improve the life and health of our Trumbull Shelter animals.

Our volunteers assist in feeding the animals, cleaning their cages, exercising and playing with them, socializing them, taking them to the vet when needed, and generally working with them to improve their chances of being adopted. They also take pictures/videos of animals available for adoption and post them on our Petfinder website: <http://www.petfinder.com/shelters/CT18.html>. We also organize adoption events and work to find the right families where our dogs can live happy lives. We measure our victories in small increments: like when we get a dog that obviously has never been walked on a leash and with a lot a patience and love, we see them walk happily next to us. Or the many times we have seen impounded dogs and cats so terrified that they cower in the corner of their cages, and little by little we see them come to the front of the cage to greet us with wagging tail and trust in their eyes.

Funds raised through membership, contributions, and fundraising events pay for needed immunizations, spaying and neutering, and non-emergency illness & injuries. We welcome all of our members to stop by the Shelter and meet our guests and see for themselves the kind of work we do.

We always need members to help us. If you can donate even an hour of your time every once in a while, it would be deeply appreciated.

Thank you so much for stepping up and joining us in the care of these unfortunate animals that have so much love and loyalty in their hearts, but have been abandoned and sometimes abused. You can count on their undying gratitude.
